

Electronic Media Fire Rated Safes

The line-up of Gardex® Electronic Media Safes is designed to insulate your vital records from a 1700°F raging blaze for 1 hour.

We start with a UL® certified fire rated safe and add a Gardex® certified insert designed to keep the internal temperature below 125°F and the humidity level below 80%.

We offer 3 stand-alone Electronic Media Safes and 2 inserts-only that fit into the drawer of a lateral or vertical Gardex® filing cabinet.

- 3 sizes ranging from 0.96 cubic feet up to 4.43 cubic feet of capacity
- UL® Class 350 1-hour fire rating on the safe with manufacturers 125°F, 1-hour rating on the media insert
- Sensitive electronic media is properly protected from catastrophic temperatures above 125°F and humidity over 80%
- Gard-Lite Insulation — Exclusive and proprietary
- Digital Combination locks all models
- Textured Finish — durable and scratch-resistant. Available in beige only
- Optional adjustable shelves and media drawers available
- Gardex® 5-year warranty against manufacturers defects in material and workmanship
- Lifetime fire replacement warranty. Gardex® will replace your safe if it's damaged while protecting your vital records from a fire a fire
